

SEABRIDGE VILLAS A CONDOMINIUM COMMUNITY

To read the community plan:
301-2 = condominium 301
marblehead plan

BEACH BOULEVARD

This is an artist's conception only and is not intended to be an exact representation. In a continuing effort to improve home design, Seabridge Villas reserves the right to change floor plans, specifications, materials, fixtures, appliances, and prices without prior notice. Variations in floor plans and elevations do exist; window designs, configurations of porches/balconies and lots differ by location. Optional features may be included at an additional cost and are subject to construction detail. Maintenance of all common areas is provided by a homeowners association for a monthly fee. All maps, plans, landscaping and elevation renderings are the artist's conception and are not to scale. Square footages are approximate and will vary.
